REQUESTED BY: Mary Fagan, PhD, RN, NEA-BC

This panel shared a brief overview of IV hydration operations, described the current landscape of IV hydration facilities, and discussed oversight and compounding risks. Additionally, the Federal Trade Commission (FTC) compliance considerations were shared regarding the FTC Act Section 5 (15 U.S.C.45) that outlaws “unfair or deceptive acts or practices”.

The EO will share information gained from that meeting and discuss the Boards next steps when working as the partner in the oversight of this practice.
